Professional Experience

RIVERSIDE MARINE SERVICES, INC. <i>President</i>	RIVERSIDE, NJ December 2002 to Present
Established the company to provide quality services in the marine industry; <i>Riverside Marine Surveying</i> offers marine surveying and <i>Rancocas Watersports</i> provides on the water instruction for waterskiing and other water activities. As a marine surveyor, I uphold the SAMS code of ethics and further my skills with continued education, while conducting primarily pre-purchase and insurance condition and value surveys for my clients. My expertise is in recreational vessels of fiberglass construction.	
NMMA (National Marine Manufacturer's Association) <i>Trade Show representative</i>	VARIOUS LOCATIONS January 2007 to March 2007
Trade show representative for the NMMA at various boat shows throughout the Northeast. Responsible for effectively promoting and representing the NMMA to both end users and industry members. Spoke at numerous boat shows as a guest speaker, topics include the "Do's and Don'ts of Boat Buying"; conducted a 30 minute television interview for ABC.	
DESIGNCORE, INC. (and RHM ASSOCIATES) <i>Manager</i>	PHILADELPHIA, PA and MARLTON, NJ April 1998 to September 2007
Obtain and manage architectural, interior design, and CAFM projects including government contracts, corporate clientele, and educational institutions. Responsible for all aspects of developing, managing, and training CAFM (Computer Aided Facilities Maintenance) staff and clientele. Develop presentations and market for the firm.
